CITY OF AUBURN

*Focused on being*
*The Best Small City in New York State*

William H. Lupien, Jr., P.E.
Superintendent of Engineering Services

## PUBLIC MEETING NOTICE

***Open House Public Information Meeting for the***
***(West) Genesee Street Paving Project***
***NYSDOT PIN 3756.01***
***City of Auburn, New York***

The City of Auburn is conducting an open house public informational meeting on Wednesday September 2, 2015 between 3:00 pm and 7:00 pm in Council Chambers at Memorial City Hall, 24 South Street, Auburn, NY 13021 to discuss the upcoming Locally Administered Federal Aid paving project. The purpose of the meeting is to obtain input and comments from individuals, groups, businesses, officials, and local agencies. The City is specifically soliciting comments on the project's social, economic, and environmental effects.

The project consists of milling and resurfacing 1.7 miles of Genesee Street between Bluefield Road (West City Line) and North Street (NYS Route 34/38). In addition to the pavement rehabilitation work, sidewalk curb ramps and signals will be upgraded to be ADA compliant and improve safety. Bicycle accommodations within the existing curb width will be investigated through the use of shared use lanes delineated by signs and pavement markings and/or dedicated bicycle lanes through possible travel lane reconfiguration. Traffic is planned to be maintained on-site during construction.

For more information, please visit the City of Auburn website at www.auburnny.gov. You may also call my office at 315-255-4129 or our design consultant, Jeff Reina, P.E., C&S Engineers, Inc. at 315-455-2000.

Sincerely,

William H. Lupien, Jr., P.E
Superintendent of Engineering Services

## (WEST) GENESEE STREET PAVING PROJECT NYSDOT PIN 3756.01

The City of Auburn is developing a project to repave Genesee Street between Bluefield Road (West City Line) and North Street (NYS Route 34/38). The project will involve milling and resurfacing Genesee Street with new asphalt concrete pavement and upgrading bicycle/pedestrian facilities (signals, curb ramps, bicycle pavement markings, etc) to be compliant with ADA and Complete Streets Legislation. Traffic is planned to be maintained on-site during construction.

YOU are invited to participate in this process! View the preliminary project plans. Learn about the proposed schedule and project details. Bring your comments, questions and ideas.

**Wednesday, September 2, 2015** **3:00 p.m. to 7:00 p.m.**
